### SLIMLY ATTENDED

Not Much Interest in Progressive Movement in Christian County

Hopkinsville, Ky., Oct. 5.—Ten white and eleven colored supporters of Roosevelt met this afternoon in mass convention at the City Hall, pursuant to a call issued by District Chairman Barrett to choose a Campaign Committee to work in Christian county in the interest of the Bull Moose ticket. Thirteen lookers-on were also present. Lee O. Brumfield was chosen chairman and E. S. Foreman, colored, secretary. A committee of five was appointed to select a County Committee to be recommended to another mass convention to be held in Hopkinsville next Saturday. Very little interest is shown in Christian county in the third party movement.

Cheapest accident insurance—Dr. Thomas' Electric Oil. For burns, scalds, cuts and emergencies. All druggists sell it. 25c and 50c.

### Tattooing in Persia.

Until the last generation, tattooing was almost universal in Persia. Today it is rare among the upper classes, but is still affected by the lower classes. Women are tattooed not so much with a view to decoration as to avert the "evil eye," or to hide a blemish, or to cure a malady.

Chronic rheumatism contracts the muscles, distorts the joints and undermines the strength. A powerful penetrating and relieving remedy will be found in BALLARD'S SNOW LINIMENT. It restores strength and suppleness to the aching limbs. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

## Nebo Notes

The firm of Pendergraff and Connelly, grocers have dissolved Mr. Pendergraff retiring.

Miss Susie McCormick has returned after an extended visit to her sister Mrs. Will Moss, of Vandersburg.

Mr. Wm. Bateman, of Nashville, who is connected with the Commercial College in that city, was here last week, he offered Mr. Bert Hobgood, who is teaching in the Smyrna School, a position in the Commercial College at a fine salary, but Mr. Hobgood found on reaching the Post Office a better position, it was a letter from the Civil Commission Department, giving him the rural Route No. 1. It was he that got the best grade in the examination, and not Mr. Barrou, as reported. Sure it was a lucky day for Bert, two good positions offered in one day. He will succeed Willis Harris, who was J. B. Peyton's substitute.

Mr. and Mrs. A. M. Gibson went on a visit to Beech Grove, their old home, several days last week.

Mr. and Mrs. M. T. Winstead, Clay, visited relatives here last week.

Mrs. J. B. Peyton is not so well this week.

Mrs. C. M. Lutz, of our town, taught in grade 2 last week in Madisonville, she filled the vacancy of Miss Sybil Hart, who was on the sick list.

Miss Allie Campbell, who is teaching at Isle, visited her home folks Saturday, returning to her school Sunday evening.

Bro. Cook filled his regular appointment at the C. P. Church Sunday and Sunday night.

On Sunday there was a reunion of the family of J. W. Cox, they had a bacon fry in the beautiful grove near by, then a bountiful spread of good things. Those present were: Mr. and Mrs. John F. Jones and Archille Melton, of Madisonville, Mr. and Mrs. Jimmie Jones and four children, of Slaughterville, Mr. and Mrs. Frank Coffman and little boy, of Slaughterville, Mr. A. D. Melton, Mr. and Mrs. Alfred Cox and Miss Helen Cox, of Nebo. A delightful day was spent. The combined ages of J. W. and Alfred Cox, brothers, is 169 years. J. W. is 87, how old is Uncle Alfred?

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailment. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent. They are easy and pleasant to take, and mild and gentle in effect. For sale by All Dealers.

### Beginnings of Lifeboat.

Like many other inventions, the lifeboat was a long time in finding favor. The first lifeboat was designed by a London coach builder, Lionel Lukin, in 1788, under the encouragement of the prince of Wales, but despite royal patronage, his invention received little attention, though one of his boats saved several lives at Bamborough. The loss of the Adventure in 1799 first destroyed public apathy in this subject and, with the offering of prizes for lifeboat designs a first step toward life saving at sea was taken.

### A Log On The Track

Of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hesselheimer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at all druggists.

## CLASS INITIATION NOVEMBER 7TH

Madisonville and Earlinton Shriners Will Have Big Time on This Date

A GREAT MANY CANDIDATES WILL CROSS BURNING SAND

Rizpah Temple, Shriners will take another class of Novices over the sands at the fall "session" which will be held in the lodge rooms here on Thursday, November 7th, and quite a number of candidates will be here to be initiated on this date.

The last two initiations have taken place away from home. One was in Owensboro, in the Spring and the other at Paducah a few weeks ago. The session here in November will be a big one, as there are quite a number of candidates here that will take this work, as well as others from nearby towns in Western Kentucky, and many Shriners are expected to be in the city on that day to assist in the work.

The program, which is always interesting, is being planned now and will be published within a short time.

### Saved By His Wife

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flut, Brantree, Va., is of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F. "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, it's the most safe and reliable medicine for many throat and lung troubles—grip, bronchitis, croup, whooping cough, quincy, tonsillitis, hemorrhages. A trial will convince you. 50c. and \$1.00. Guaranteed by all druggists.

### KENTUCKY TOBACCO SAFE

Cutting is Practically Finished—Quality is Good, but Production is Below Last Year

Kentucky tobacco growers have practically finished cutting, and report the crop safely housed. In quality this season's burley yield has a fine color, but the quantity will be under last year's production. Lexington reports a Montgomery county sale at 16 cents and Robertson county sales at 12 to 13 cents. In the Hopkinsville district labor ran as high as \$3 a day in the rush of the season. Mayville reports erecting several additional warehouses. Curing is now under way and early sales are predicted after the season's opening at the end of the month.

Children that are pale, sickly and peevish, with dark rings under the eyes, fickle appetite, and who appear to get no nourishment from the food they eat are surely suffering from worms. Give them WHITE'S CREAM VERMIFUGE and note the wonderful improvement. They soon take on flesh and are rosy, active and cheerful. Price 25c per bottle. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

### FIRE PREVENTION DAY

OCTOBER 8, 1912

Proclamation by Governor McCreary at Frankfort

Frankfort, Ky., Sept. 20, 1912. To the People of Kentucky:

The losses by fire in this country, of insured and uninsured property, total every year more than \$200,000,000, and are largely in excess of that of any other civilized nation. This is a loss which can be curtailed by proper precaution. The large payments by insurance companies, as well as the enormous personal loss of property which is uninsured, is an expense which should be decreased. The reduction of the fire loss would naturally tend to reduce the expense of the protection afforded by fire insurance companies and like organizations, and thus insure to the benefit of those who avail themselves of this form of protection. It is our duty, as good citizens, to do all within our power to prevent this waste and needless loss of property, and it is, therefore, the part of wisdom to join with the people of our State in setting aside a day in which we bring to public attention this important duty. The Legislature has enacted laws for the punishment of the crime of arson, but it is not always the crime of arson that produces these losses. It is frequently carelessness, negligence or the failure to exercise due precaution.

The losses in Kentucky by fire, on which insurance was paid last year, were \$3,692,806.88; the premiums paid to secure fire insurance last year were \$5,272,438.57, and these figures do not begin to cover the unprotected waste by fire.

"Now, therefore, I call upon the citizens of Kentucky to set aside October 8, 1912, as a day on which to give special attention to the removal from their premises of rubbish, which might cause fire, for placing heating appliances in proper condition, the examination of chimneys, flues and such other appliances which so frequently are the direct cause of fire losses, to look into premises where articles which might produce spontaneous combustion are kept, and for the destruction of ignitable material deposited in places where it might endanger property by fire.

"I further recommend that on that day instructions be given to the pupils in public and private schools concerning the exercise of care in the use of matches and all combustible materials, and laborers in factories and other places of industry be duly cautioned on this subject.

"In testimony whereof, I have hereunto set my hand and caused the seal of the Commonwealth to be affixed."

W. B. McCREARY, Governor.

### Fortunes in Faces

There's often much truth in the saying "her face is her fortune," but its never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25 cents at all druggists.

Masses Will Still Be Meeting. A soap box orator the other night, at the close of a fervid appeal, wound up with the following lucid and expressive peroration: "And now, comrades, after everything has been said, after everything has been done, the great masses of the people will still constitute the bulk of the population."

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enos Loller, of Saratoga, Ind., "and consider it the best on the market." For sale by All Dealers.

Good Work of the Agitators. It is the serious minority which accomplishes great things.—Exchange

## THEN AND NOW

Tacoma Ledger Tells of Slump in Roosevelt's Western Following.

SPOKE TO ONE-THIRD AS MANY PEOPLE THIS YEAR AS LAST

(Tacoma Ledger)

Last year when Theodore Roosevelt visited Tacoma on his Western tour 35,000 people gathered in the Stadium to hear him. Then he was not a candidate for third term as president. At least, the people did not know it if he was. This year he spoke in the same Stadium as a candidate for President and instead of 35,000 people he addressed not more than 12,000. The difference is highly significant. Last year he was an ex-President of the United States whom nearly all delighted to honor. He told the people of the United States he was making the tour of the country to express to them in some measure the gratitude he felt for the honors they had conferred upon him. This year, however, he came ambitious for a third term and begging the people to support him again. There was room in the Stadium for 20,000 more people than heard him last evening. He is a different Roosevelt in the eyes of thousands who no longer rally to his leadership as they did before his ambition got the better of his judgment, and before he turned his back on his dearest friends and most solemn promises to the American people. The West has run up the flag of prosperity. Why should it not listen more in amusement than in anger or worry in the pessimistic political demagogue predicting ruin for the country unless he and his quack theories are adopted? It is a movement the West may well be elated at leading, and the East can not help but follow.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by All Dealers.

### Sweet Charity.

"Has it ever occurred to you that the more money a man has the more difficult it is for him to be charitable? When one is poor and has only a few cents it is an easy matter to divide the money with some poor devil who has none."

"I suffered habitually from constipation. Doan's Regulets relieved and strengthened the bowels so that they have been regular ever since."—E. Davis, Grocer, Sulphur Springs, Texas.
